Target Air Rifle

Shot over a distance of 10 metres in a seated position with a 4.5 mm (0.177 in) caliber air Rifle.

The Target is made up of 10 Practice Shots – Then 20 Target Shots.

Marked out of 200 possible points.

There are two disciplines 1. Standard – (Hand held with no slings)

2. Bench Rest - (or Assisted)

Having the two options either the Standard or Bench Rest shooting gives all age groups and abilities the opportunity to feel comfortable and join in and enjoy the sport.

The discipline was brought into our club to attract new people to the sport which it can be relatively inexpensive to buy the Ammunition and a Rifle.
